Jim Culotta  
Town Administrator  
Town of Cedarburg  
1293 Washington Avenue  
Cedarburg, WI 53012

Mr. Culotta,

I would like to express my interest and support for the Town's proposed sports complex. It seems to me that Cedarburg could really use a park like this very much. With the growing amount of residents moving into the city and town every year, this park would be a terrific asset to the city and town.

To me, personally, it's a no brainer. The location of this park is perfect to accommodate Cedarburg residents and visitors. The proposed park would also be ideal to host many baseball and soccer tournaments, which could also generate activity for local businesses.

This park would be a gem for the city and town. It is my belief that if the town and city officials get together and make this happen it would benefit all Cedarburg residents. It would be a step toward reuniting instead of dividing.

I would be happy to help with the forward progress of this park in any way possible.

Sincerely,

Steve Richardson  
Owner
